

EMEX

MX light pictogram fastener

Product code 930008 · Emergency lighting > Spare parts

Plastic fixing pin (5.5 mm) for fastening the pictogram of MX series exit signs. Spare part to replace a lost or broken pin.

- > Pictogram fixing pin for MX exit signs
- > Size 5.5 mm
- > Green plastic
- > Spare part

Product description

The MX light pictogram fastener is an Emex spare part for MX series exit signs. It is a green plastic fixing pin (Assembly clip 5.5 mm) used to hold the pictogram panel in place.

Pins are needed when the original pin has been lost or broken, for example when the panel is replaced. In Emex's spare parts list, the pin has product number 930008 and the name "Assembly clip" (5.5 mm), and its application is given as the pictogram. In MX25 and MX40 luminaires, the pictogram is slid into the mounting profile and locked with a screw; in RX models, the red cross panel is locked over the sign panel with plastic buttons.

MX series pictograms are available for different directions (E1 left, E2 right, E3 down, E4 up) and as single-sided and double-sided versions, and they meet the requirements of EN 1838. The panel must stay firmly in place so that the sign is displayed in the correct position.

Applications

- > Pictograms of MX25 and MX40 exit signs
- > Pictogram replacement and maintenance
- > Replacement of lost or broken fasteners during a service visit

Order fasteners as required if panels are being replaced in several luminaires.

Technical data

Product code	930008
Manufacturer	Emex
Product group	Emergency lighting > Spare parts
Product number (Emex)	930008
Dimensions	5.5 mm
Material	Plastic
Colour	Green
Compatibility	MX series pictograms
