

PANASONIC

Panasonic 5013 EBL512 G3 zone plan cabinet A3

Product code 41032 · Fire alarm systems > Control equipment

Wall-mounted metal cabinet for zone plans, user instructions and other fire alarm system documents. The cabinet holds A3-size documents.

- For A3-size zone plans and user instructions
- Document holder that lifts and pulls out
- Same key as the EBL512 G3 fire alarm control panel
- Metal construction, wall mounting
- Dimensions 438 × 628 × 187 mm

Product description

Panasonic 5013 is a metal document cabinet for storing the zone plans of the fire alarm system, floor plans of the building, user instructions and other documents.

Features

The cabinet holds A3-size documents. The documents are kept in a holder that can be lifted or pulled out, so the plans are easy to take out and can be browsed without emptying the cabinet. This gives the fire brigade and the building staff quick access to the documents. The cabinet is locked with the same type of key as the EBL512 G3 fire alarm control panel (fire brigade key 1569), so no separate key is needed.

Installation and compatibility

The cabinet is intended for wall mounting. Its dimensions are 438 × 628 × 187 mm and it weighs 18 kg, so the mounting surface and fixings must withstand the combined weight of the cabinet and the documents. The manufacturer lists the cabinet as an accessory for the EBL512 G3 control panels 5000S, 5000SPRT and 5001S. The external dimensions of the cabinet are the same as those of the EBL512 G3 5000 control panel (628 × 438 × 187 mm). The operating environment is -10...+50 °C with relative humidity below 95%.

Technical data

Product code	41032
Manufacturer	Panasonic
Product group	Fire alarm systems > Control equipment
Mounting	Wall mounting
Key	Same as for the EBL512 G3 fire alarm control panel (1569)
Dimensions	438 × 628 × 187 mm
