Product code 42627 · Fire alarm systems > Spare parts

Spare loudspeaker for the Panasonic EBL512 G3 fire alarm control panel, pack of 20. The loudspeaker is mounted on the inside of the panel's front door and connected to display board 5015.

- Internal panel loudspeaker for EBL512 G3
- Mounted on the inside of the front door
- Connected to connector J7 on display board 5015
- Volume adjusted with the potentiometer on the display board
- 20 pcs per pack

Product description

Panasonic 5036 is the internal loudspeaker of the EBL512 G3 fire alarm control panel. This product is a spare part pack of 20.

The loudspeaker is mounted on the back of the control panel's front door and connected to connector J7 on the 5015 display board (MMI board). The loudspeaker volume is adjusted with potentiometer VR1 on the display board.

Compatibility

The loudspeaker is intended for 5000S series EBL512 G3 control panels with the 5015 display board. Type 5001 has no front section, display or door, so the loudspeaker applies to control panels with a front panel.
