

PANASONIC

Panasonic ASPECT-BLE Bluetooth board for the Aspect detector

Product code 60108 · Aspiring smoke detection > Spare parts

Bluetooth module for connecting to the Aspect detector with the Aspect Tool B app. Replaces the old ASPECT-WIFI board.

- Aspect Tool B app (Android and iOS)
- Compatible with all AE2010 units
- Required when converting from Nitro to Grizzle

Product description

ASPECT-BLE is Panasonic's Bluetooth module for the Aspect AE2010 aspirating smoke detector. It allows the detector's operating data to be read and configuration, commissioning and service to be done with the Aspect Tool B app on a smartphone or tablet. According to Panasonic's technical description, ASPECT-BLE is compatible with all AE2010 units, although available functions may vary.

When an old Nitro sensor is replaced with a Grizzle sensor, the ASPECT-WIFI board must be replaced with ASPECT-BLE, because the conversion requires the Aspect Tool B app. Installation instructions are in section 9.3 of the technical description. PAP's product name is "Aspect BLE/WIFI kortti".

Technical data

Product code	60108
Manufacturer	Panasonic
Manufacturer's code	ASPECT-BLE
Product group	Aspiring smoke detection > Spare parts
Bluetooth	BLE (Aspect Tool B)
Compatibility	Aspect AE2010
