

SECURITON

Securiton Clip REV PA maintenance clip, red, 10 pcs

Product code 61392 · Aspirating smoke detection > Pipes and installation accessories

Red clip without a hole that closes the 8.5 mm inspection opening of a sampling pipe. 10 pcs.

- > Closes an inspection opening used for smoke testing
- > For 25 mm pipes, -40...+90 °C
- > Pack of 10

Product description

Clip REV PA is Securiton's maintenance clip without a hole. Where sampling holes are difficult to reach, an 8.5 mm inspection opening can be made in the pipe at least 0.5 m from the detector or at the end of the pipe network. The opening is normally closed with the maintenance clip. During inspection the clip is removed and the detector's alarm function is tested with smoke through the opening, after which the opening is closed again.

Technical data

Product code	61392
Manufacturer	Securiton
Manufacturer's code	Clip REV PA rd (50-0500844-01-01)
Product group	Aspirating smoke detection > Pipes and installation accessories
Diameter	25 mm (pipe)
Material	PA
